RELEVANT WORK EXPERIENCE

July – September 2009: Rajamangala University of Technology Phra Nakhon, North Bangkok, Thailand.

Work placement through IAESTE. I was based in the Tool and Die making department of the university, working alongside students in metalwork, gaining some hands-on experience, giving some English lessons and going on a machine factory visit. My time in Thailand gave me further insight into the engineering practices of a country so different to my own. I learnt some basic Thai and also developed further independence and cultural experiences through living and travelling around Southeast Asia.

Further temporary employment:

- **May 2008 – May 2009: Serve Legal, Mystery Shopper**

- **September 2008: Caledonian University**, Temporary Administrative Staff, entering data for matriculation of new students.
- **August 2008: SEP EVENTS**, Ticket and Programme Sales at Blair Castle International Horse Trials.
- **May 2008 – July 2008**: Working for a family friend as a live-in Nanny / Home-help
- **April – May 2008: Target Jobs**, campus representative/ canvassing
- **August 2006 – November 2007: Sodexo, Mearnskirk Hospital**, Food Services Assistant/ Porter

ACHIEVEMENTS/ POSITIONS OF RESPONSIBILITY

Feb 2010 – shortlisted for Royal Academy of Engineering Advanced Leadership Award.

Sep 2007 to present - year group representative in the Staff/ Student Committee at university, bringing forward students' views at departmental meetings.

October 2009 – elected as a board member in the Glasgow University Engineering Society.

July 2009 – included in the Dean's List for excellent academic achievement.

April 2009 – completed "Priorities of First Aid" course for emergency situations in the working environment with Leisure Training and Advisory Services Ltd. (valid for three years)

August 2008 - Awarded the John Oliphant Bursary by the University Senate for exam results.

July 2008 - included in the Dean's List for excellent academic achievement.

Feb 2008 – completed a SPARQS training session in representative skills including issue resolution, communication with staff and students and meeting skills.

Sep 2007 – became affiliate/student member of IMechE, Institute of Design Engineers and Glasgow University Engineering Society.

May 2007 – won the school Physics prize.

Dec 2006 to June 2007– my artwork was exhibited at SQA Inspirational Art Tour around Scotland and at Scottish Education Awards.

Aug 2006 – elected as Head Girl.
